SUBJECT: Distribution of 2001 Pay Tables (**INFORMATION**)

I am pleased to provide you with the 2001 Pay Tables of the United States Courts. We are sending complete sets of Judiciary Salary Plan (JSP) and Court Personnel System (CPS) pay tables for all court units. The pay tables reflect, as applicable, both a 2.7 percent Employment Cost Index (ECI) adjustment as well as the eighth year installment of locality pay, consistent with the September 1993 Judicial Conference decision to extend locality pay to court employees in the same amounts, areas, and at the same time as in the executive branch, with comparable employee group coverage. The 2001 pay adjustment will be effective with the start of the first pay period in the new calendar year, January 1, 2001.

I encourage you to share this information with the other judges and with the employees of the court. If you have questions regarding this memorandum or any information contained in the book of pay tables, please contact your servicing personnel representative.

A handwritten signature in cursive script, reading "Leonidas Ralph Mecham", is positioned above the printed name.

EXPLANATION OF THE 2001 PAY ADJUSTMENT

The 2001 pay adjustment for most court employees consists of two parts: the Employment Cost Index (ECI) adjustment (formerly referred to as the "COLA") to basic pay, and the locality-based comparability adjustment ("locality pay").

THE ECI ADJUSTMENT

The salaries of all basic rates of pay that were not at a statutory or administrative pay limit have been increased by a 2.7 percent ECI adjustment. The ECI adjustment was added on top of the 2000 basic rates of pay (i.e., the rates of pay before they were increased by locality pay or any other geographic enhancement), not on top of the 2000 locality rates of pay.

The Executive Schedule establishes the pay caps that apply to the salaries of federal government employees. The Congress did not impose a freeze on the Executive Schedule rates of pay this year. Therefore, the annual rate of pay for the Executive Schedule has been adjusted in accordance with section 5318 of title 5, United States Code. The rate of pay for each of the five pay levels was increased by 2.7 percent and rounded to the nearest 100 dollars.

Accordingly, the maximum basic pay rate for Circuit Executives and the basic pay rate for the Chief Special Master, both limited to the rate of pay for level IV of the Executive Schedule, will be increased to \$125,700. The basic pay rate for court unit executives in grade JSP-17/steps 4 through 10 and in grade JSP-18, and the Special Masters, limited to the rate of pay for level V of the Executive Schedule, will be increased to \$117,600. Court employees in grade JSP-16/steps 9 and 10, in grade JSP-17/step 4, and CL-32/steps 56 through 61 receive that portion of the ECI adjustment that brings their basic pay to \$117,600, and then their pay is capped.

THE LOCALITY PAY ADJUSTMENT

The 32 locality pay areas for 2001, as shown on page v, remain unchanged from 2000, however, the state of Rhode Island and all of Bristol County, MA, have been added to the Boston-Worcester-Lawrence, MA-NH-ME-CT CMSA, and Monterey County, CA, has been added to the San Francisco-Oakland-San Jose, CA CMSA.

The 2001 locality pay adjustment was added on top of 2001 basic rates of pay (except for most employees receiving special salary rates, as explained in the next section), resulting in adjusted pay rates. The adjusted pay rate for all court employees in grades JSP-1 through JSP-15, and in Court Personnel System Classification Levels 21 through 31, is limited to \$125,700, the rate of pay for level IV of the Executive Schedule. The adjusted pay rate for court employees in grades JSP-16 through JSP-18 and in CL-32, Circuit Executives, the Chief Special Master, and Special Masters is limited to \$133,700, the rate of pay for level III of the Executive Schedule.

SPECIAL SALARY RATES AND LAW ENFORCEMENT OFFICER GEOGRAPHIC DIFFERENTIALS

As was the case in 2000, most employees receiving special salary rates (e.g., typists and legal technicians at certain grades and in certain areas) receive the higher of the 2001 special salary rates or the 2001 locality pay authorized for their areas. However, probation and pretrial services officers and officer assistants in Classification Levels 21 through 26 (formerly grades JSP-3 through JSP-10) receive locality pay on top of their special salary rates. The special rate tables that have been superseded by locality rate tables for calendar year 2001 are shown on page vi.

Probation and pretrial services employees receiving a 16 percent law enforcement officer geographic (LEO/GEO) differential continue to receive the LEO/GEO (which was added on top of their 2001 basic rates of pay). This applies to law enforcement officers in three metropolitan areas: New York, Los Angeles and Boston. This year the probation and pretrial services employees in San Francisco will be paid based on the San Francisco locality pay (16.98 percent), which is higher than the 16 percent LEO/GEO pay.

EMPLOYEES IN ALASKA, HAWAII, OR U.S. TERRITORIES OR POSSESSIONS

Employees assigned to duty stations in Alaska, Hawaii, or U.S. territories or possessions, are not eligible for locality pay. However, these employees continue to receive any nonforeign cost-of-living allowances (COLAs) or nonforeign post differentials for which they are eligible.

2001 PAY ADJUSTMENT FLOW CHART EXAMPLE

*Due to rounding, the net increase is approximate and sometimes results in a 2001 adjusted rate of pay that may be a few dollars different from the exact amount determined by calculating the pay adjustment from the basic rate.

To calculate a JSP-9/Step 1 or a CL-25/Step 25 employee's 2001 adjusted rate of pay when the employee's duty station is the RUS locality pay area:

- (1) Increase 2000 basic rate by the 2.7% Employment Cost Index (ECI) adjustment.
- (2) Increase 2001 basic rate by the 2001 locality pay percentage applicable to the RUS locality pay area.

**2001 LOCALITY PAY AREAS
AND THE COUNTIES AND CITIES WHERE
COURT UNITS ARE LOCATED WITHIN THE
LOCALITY PAY AREAS**

BLANK PAGE

2001 LOCALITY PAY AREAS AND THE COUNTIES AND CITIES WHERE COURT UNITS ARE LOCATED WITHIN THE LOCALITY PAY AREAS

- There are 31 discrete pay localities which correspond to the entire Metropolitan Statistical Areas (MSAs) or Consolidated Metropolitan Statistical Areas (CMSAs) surveyed by the Bureau of Labor Statistics in its critical area surveys. The Office of Management and Budget defines MSAs in terms of entire counties--except in the six New England states where they are defined in terms of cities and towns. There is also a 32nd pay area, the RUS (Rest of the United States), that includes all other areas in the 48 states that are not a part of the 31 pay localities.
- The first column lists the counties within the MSA or CMSA where there are court units. The second column lists the city(ies) within the county where the court unit(s) is (are) located.
